## Wahkohtowin Lodge Purpose

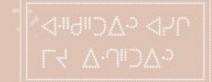

#### Upholding Indigenous laws and governance

- Support Indigenous communities' goals to identify, articulate, and implement their own laws.
- Develop, gather, amplify, and transfer wise practices, promising methods and research tools.
- Produce useful and accessible practical legal resources and public legal education.

as legal principles governing relationships, and good relationships, are the guiding principles with the work we support or do with Indigenous communities.

#### L4 V·JIDVA AIIAIIDVA AHU

## **Grounding Principles**

- Indigenous laws need to be treated seriously, as laws.
- Indigenous legal research must be conducted with the highest standards of rigor and transparency.
- Indigenous laws are one aspect of Indigenous governance, and part of comprehensive whole societies.
- Revitalizing Indigenous laws and legal processes are essential for re-building healthy communities and for reconciliation in Canada.

## What are Indigenous Laws?

#### **Indigenous Laws:**

- NOT Aboriginal law (state laws applied to Indigenous peoples)
- NOT Restorative Justice, Indigenous Courts, or Healing Programs

#### **Indigenous Laws:**

- · May be ancient, deeply rooted, sourced in the sacred or the earth
- · May be recent, drafted as treaty, agreements, bylaws, or legislation
- May have elements of both Indigenous legal traditions and other sources of law

# Indigenous Law & Aboriginal Law

## Aboriginal Law:

- Constitutional, Statute & Judge made law
- Aboriginal peoples and the Crown

## Indigenous Law:

- Rooted in Indigenous societies
- Indigenous legal orders

## **Indigenous Laws**

#### **Roots to Renaissance\*: Four Eras of Indigenous Laws**

- 1. Roots (1000+ Years):
  - A Logical Starting Point Where there are groups of people, there is law.
- 2. Repression and Resilience (100-400 years):
- 3. Recovery and Revitalization (10-40 years):
- 4. Resurgence and Renaissance (1-10 years):
  - Engaging with Indigenous Laws as LAWS

## What are Indigenous Laws?

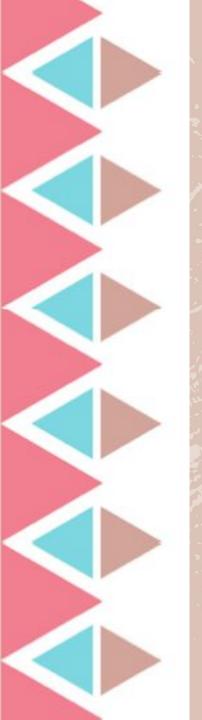

#### **Indigenous Laws:**

- Deliberation and Debate, not Declarations
- Principles and Processes, not Positions

#### **Indigenous Laws:**

- May be being used in an implicit or informal way
- May be damaged, unevenly understood, mistrusted
- May be shared in ways that are not familiar to legal professionals
- Are rarely recognized, resourced and enforced adequately

## Indigenous Laws

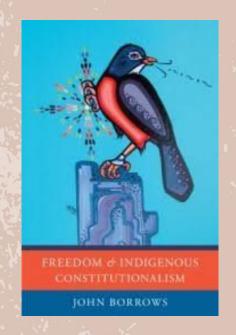

WAHKOHTOWIN

L4 V·JIDV·3

LAW & GOVERNANCE LODGE

"The hard work of law is never done" – Jutta Brunée & Stephen Toope Indigenous laws are living, adapting, changing, developing, like ALL laws.

Indigenous legal traditions are "uplifting, positive and liberating forces when they are connected to living systems of thought and practice" - John Borrows

## Indigenous Laws & ....

#### ... The Constitution

- "Traditional laws" recognized and affirmed
  - The Constitution Act, 1982, being Schedule B to the Canada Act 1982 (UK), 1982, C11
  - R v Vanderpeet (Van der Peet), [1996] 2 SCR 507
  - Delgamuukw v. British Columbia [1997] 3 SCR 1010

#### ...The Courts

- Affirming and applying Indigenous law
  - "Indigenous legal traditions are among Canada's legal traditions. They form part of the law of the land..." writes Justice Grammond, Pastion v Dene Tha' First Nation 2018 FC 648

### ...The Legislature

Many examples of engaging with Indigenous laws, e.g. Bill C-92

## Indigenous Laws & Canada

**Summary: Indigenous Laws & Canada Today** 

 Indigenous Nations exercising jurisdiction, visiblizing, formalizing and developing laws as Nations

AND

Engaging Indigenous laws as law is also part of Canadian law

## **Applying Indigenous Laws**

# WAHKOHTOWIN

#### **OCAP** says:

- "First Nations have control over data collection processes, and that they own and control how this information can be used."
- "Given the diversity within and across Nations, the principles will be expressed and asserted in line with a Nation's respective world view, traditional knowledge, and protocols."

## Indigenous Laws and the OCAP

## (A few) questions that specific Indigenous law can help answer....

- who defines control? data? collection processes?
- o who is involved in decision making?
- o who makes final decisions?
- o how are they held accountable?
- o what processes are used to address disagreement?
- o how are changes made?

## Common Challenges: Indigenous Law Revitalization and Development Work

- Challenges of accessibility, intelligibility, applicability and legitimacy (Borrows).
- Prolonged state repression leads to unevenness and issues of intelligibility and accessibility.
- Unenforceability and lack of funding to formally develop, administer and implement laws leads to issues of legitimacy and effectivity.
- Educational gaps within communities and between communities.

## Common Challenges: Indigenous Law Revitalization and Development Work

- Relentless pressures from external sources, intergenerational trauma, social suffering and perpetual crisis- "wicked problems"
- External pressures to develop laws quickly and in a format acceptable and understandable to outside governments, to alleviate 'wicked problems'
- Internal disconnect between new formal laws drafted under pressure and familiar/informal legal principles, understanding or practices can lead to conflict or challenge of legitimacy.

## WLGL Approaches to the "How"

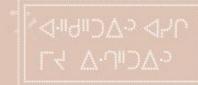

- Indigenous and legal communities, broad public reach:
  - Resources on website, social media
  - Presentations to First Nations communities and various groups
  - Education with Canadian government, courts and others
  - Curating and amplifying wise practices, methods, other useful
     Indigenous law resources, etc. to make connections, provide options
  - One-on-one coaching and advising to support communities doing the work
- Major Community-led research projects: specific to work by a particular Nation, time and labour intensive.

## A few of many Methods in use...

LAW & GOVERNANCE LODGE

- Community Embedded Method Identifying implicit legal principles embodied in local practices, activities and experiences (Napoleon et al, Sandy)
- Land-based Learning (Borrows, Morales, Littlechild, Sandy)
- Ceremonial Practice (Borrows, Bird, Lindberg, Boiselle, Kennedy)
- Linguistic Method (Fletcher, Young)
- Story-based Methods (Bird, Borrows, Napoleon)
- ILRU (Story Analysis) Method (Napoleon & Friedland)
- Relational Governance Method (Wildcat)
- Interviews and focus groups in community and w/elders (all)
- Visiting (Campbell, Flamingo, AWN)

## Methods to Engage Indigenous Law

ANDAP ANDAP

LAW & COVERNANCE LODG

#### **What Methods:**

- Best align with your current capacities?
- Are more or less appropriate based on your role?
- Are practicable in the short term or take long term or life long work?
- Will achieve what your community or client needs and wants most effectively?

#### **How does each Method address:**

- Your objectives given the reality of the resources available to you?
- · Challenges of intelligibility, accessibility, equality, applicability and legitimacy?
- Issues of relevance, utility?
- Issue of negative and positive stereotypes?

# Community Embedded Method: Making the Implicit, Explicit

Identifying "local law" (Napoleon et al):

"Indigenous laws and legal orders may continue to function and flourish just beneath the visible surface...at an implicit and informal level."

- Unpacking "a way of life" or "the way things are."
- "Moving from focus on the practice itself to the philosophical basis of the practice allows us to see more clearly the norms that are at work, the ways that those norms are contested, and the dispute management mechanisms, or local laws, that mediate this contestation.
- Local law "locates law in the on-the-ground, day-to-day self-governance performed by Aboriginal people according to Aboriginal laws."

## Community-led Research Projects

#### **Pre-Research Process Preparation:**

- 1. Research Partnership Agreements and Ethics Process
  - Negotiated and drafted based on Communities' goals and needs
  - University research ethics process, community ethics process
  - \* Dual hiring:
    - Law student researchers & Community researchers (key)
- 2. Indigenous Research Methods for Revitalizing Indigenous Laws and Governance Training Course
  - Law student researchers & Community researchers take together, some leadership, other interested community members
  - Concepts of Indigenous laws, methods for engagement, practice methods, discuss together

LAW & GOVERNANCE LODG

# 2021/2022 Community-led Research Projects

#### Research Process (Community Researcher + Law Student RA):

- 1. Community Inventory of Strengths and Resources
- 2. Identifying and selecting primary methods
- 3. Co-creating the Research Plan:
  - Matching Goals, Strengths with Methods

#### 4. Implementation of Research Plan:

- Of course this is a process in itself! Most time intensive.
- 5. Analysis and Final Report
- 6. Identifying Next Steps (i.e. legislative drafting, next phase of larger project, targeted community engagement etc.)

### **Ethics Process**

- Not strictly necessary if no publications anticipated (strictly legal research service) but benefit of university partnership.
- Communities see benefit: potential for public education, co-publications, amplify + individuals within community feeling safer participating, individual protection/choice vis-a-vis Nation.
- Indigenous Research Ethics attracts additional requirements and scrutiny in universities (overall this is a good thing).
- WLGL standard Research Partnership Agreements, process, consent, scripts, exceed standards in place, held up as exemplar.
- BUT takes time, uncertainty (e.g. for identical applications, very different approval process and timing)

(the larger the word, the more frequent it was listed in the survey)

Seven Cree principles were identified by the Aseniwuche Elders Council and leadership as fundamental to the Aseniwuche Winewak Nation, Wahkohtown Law and Governance

Lodge Research Assistant and long-time colleague of AWN. Johanne Johnson, explored each of these principles and how they apply to the Nation historically and today as part of her Master's in Native Studies.

With the help of Cree-fluent community member, Carol Wanvandie, Johanne conducted interviews with seven AWN Elders and Traditional Knowledge Holders. They asked questions to elicit their personal understandings of the meaning behind each principle, how they have seen these principles being applied in past and present actions in their lives, and how they believed the principles should apply in the

"If I make a promise to someone, I have to do it. That is  $\dot{\subset} V \cdot \Delta^{.3}$  tapwewin."

Elder Mary Delorme, August 24, 2018 1

In Cree legal tradition, the principle and related laws of  $\dot{C}\dot{V}\cdot\dot{\Delta}^{.3}$  tapwewin "require that the obligation to speak the truth be meticulously followed when a subject matter has been considered and dealt with through the spiritual traditions and ceremonies of the nation" (Cardinal, 2000).²  $\dot{C}\dot{V}\cdot\dot{\Delta}^{.3}$  tapwewin may also be simply defined as "the act of telling the truth" (LeClaire & Cardinal, 2011) 3 or "speaking with precision and accuracy" (Cardinal, 2000).4 According to one knowledge keeper, this principle implies self-knowledge originating from being aware of "where you come from" and it may be practiced authentically by living according to the principle of  $\dot{D}^0\dot{\Delta}\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0$   $\dot{\Delta}\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{D}^0\dot{$
